TECHNICAL SKILLS

Mobile Dev: Flutter, Dart, Material Design, Responsive UI, State Management, REST API Integration

Backend & DB: Firebase Authentication, Cloud Firestore, Firebase Storage, Cloud Messaging (FCM)

AI & Automation: AI Prompt Engineering, AI Tools Handling, Chatbot Development, Offline AI Knowledge Base, OCR Integration, AI Assisted Development

Tools: Android Studio, VS Code, Git, GitHub, Postman, Figma, Canva, Firebase Console

PROGRAMMING LANGUAGES

- Dart (Advanced)
- Java (Basic)
- Python (Basic)
- C++ (Basic)
- SQL (Basic)

SOFT SKILLS

- ❖ Problem Solving
- ❖ Quick Learner
- ❖ Leadership
- ❖ Team Collaboration
- ❖ Communication
- ❖ Analytical Thinking

LANGUAGES KNOWN

English, Hindi, Marathi

CERTIFICATIONS

- AI & ML Internship Completion Certificate — Vacis Automation Pvt. Ltd.
- Entrepreneurship Awareness Programme — MSME Technology Centre.
- National IP Awareness Mission — Government of India.
- Cyber Security.
- Cryptography.
- Artificial Intelligence & Machine Learning.
- MS-CIT Certificate.
- English Typing (30 WPM) Certificate.
- Project Completion Certificate.

PERSONAL DETAILS

Date of Birth: 16 July 2004
Nationality: Indian
Marital Status: Single

PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience in Flutter, Firebase, AI-powered applications, and scalable software development. Passionate about building secure, user-centric, and intelligent solutions that solve real-world problems.

ACHIEVEMENTS

- Google Student Ambassador – Finalist (2026-27).
- Developed AI-powered learning platform with anti-cheat test system.
- Designed smart attendance system with Face, GPS & Time verification
- Built offline AI chatbot for intelligent assistance
- Participated in Government Certified Entrepreneurship Awareness Programme and National IP Awareness Mission by Government of India.

PROJECTS

RankSetu — AI Powered Competitive Exam Platform

Problem Statement: Students lack personalized guidance, face difficulty in practice and are prone to cheating in online tests.

Key Features: AI Doubt Solver, OCR Question Scanner, Adaptive Learning Path, Anti-Cheat Test System, Topic & Full Mock Tests, Performance Analytics, Rank Prediction, Admin Panel, Push Notifications, Secure Authentication.

Tech Stack: Flutter, Firebase, Cloud Firestore, FCM, OCR, AI Integration

Academiq — Smart Education Management Platform

Problem Statement: Traditional systems are manual, insecure and inefficient.

Key Features: Face Recognition Attendance, GPS Location & Timing Verification, Spam Proof System, Student/Teacher/Principal Login, Homework, Notices, Real-time Updates, Reports & Analytics.

Tech Stack: Flutter, Firebase, Face API, Geolocation, Cloud Firestore

AI Dost — Offline AI Chat Assistant

Problem Statement: AI is not accessible in offline or low-network areas.

Key Features: Offline Knowledge Base, AI Chat Interface, Fast Responses, Prompt Engineering, Local Data Handling.

Tech Stack: Flutter, Local Database, NLP, AI Models

Experience Tracker — Personal Productivity App

Problem Statement: Hard to track skills, internships and achievements in one place.

Key Features: Experience Timeline, Internship Tracking, Certificate Storage, Skill Growth Analytics, Career Progress Dashboard.

Tech Stack: Flutter, Firebase, Charts, Local Storage

INTERNSHIP EXPERIENCE

AI & ML Trainee Intern — Vacis Automation Pvt. Ltd.

January 2026 – February 2026

- Worked on AI & Machine Learning concepts.
- Learned practical AI tools and real-time applications.
- Participated in industrial AI projects.
- Gained exposure to software development workflow.
- Collaborated with the development team.
